

# JOSE F. JARAMILLO

---

McAllen, TX 78503 | (956) 561-6634 | Fernando@Jaramillo.dev

[linkedin.com/in/fernandojmlllo](https://www.linkedin.com/in/fernandojmlllo)

[github.com/JoseJaramillo04](https://github.com/JoseJaramillo04)

## EDUCATION

---

University of Texas Rio Grande Valley | Edinburg, Tx

Aug 2019-May 2022

**BS COMPUTER SCIENCE**

GPA: 3.96 / 4.0

## PROJECTS

---

**Product Inventory Tracker Web App (sole developer and designer)**

[github.com/JoseJaramillo04/productinventorytracker](https://github.com/JoseJaramillo04/productinventorytracker)

Live web app developed for a business' inventory tracking needs; replaces legacy record-keeping with a database facilitating accessibility, reliability and security.

- Live website with at least 2 users
- Created a GraphQL Database along with it's API to store and serve data on AWS servers
- Developed Inventory Tracking logic based on Business' requirements (User Stories)
- Created user interface design and implemented it using responsive web design practices

**Personal Portfolio Website (sole developer and designer)**

[github.com/JoseJaramillo04/jaramillo.dev](https://github.com/JoseJaramillo04/jaramillo.dev)

Portfolio website intended to showcase my web design and development skills as well as projects.

- Utilizes React JS features such as components
- Features responsive mobile and web development

**MyFlick Mobile app (Group project, developer and designer)**

[github.com/JoseJaramillo04/MyFlick](https://github.com/JoseJaramillo04/MyFlick)

Tinder-like web development project intended to matchmake people based on mutual movie interests.

- Practiced software engineering practices such as source control, pull requests, code reviews and the scrum development process
- Practiced cross-platform mobile development using React Native
- Features the use of TheMovieDB (Database and API) and Amazon Cognito (User Authentication)

## EMPLOYMENT

---

Product Export Specialist | SanAngel Productos Mexicanos, Zacatecas, Mexico

(05/2022) – Present

- Facilitate the export of products from Mexico into the US by researching and addressing regulations that might affect the import of a product into another country
- Manage Incoming and departing commercial freight shipments
